From the Principal

This year, Lincoln students will have the opportunity to participate in the “America in Bloom” event. This program is a city-wide event during the month of July. The city has entered the contest which promotes the beautification of the downtown area, focusing on landscape, preservation, environmental projects and floral displays. Students will have the opportunity to create a “red geranium” project in art class during the month of May. These final creations will be displayed in downtown businesses from July 12th-19th, giving the judges an opportunity to see involvement from our student community. Students will label their pictures with first names only and “Lincoln School”. They will not receive the pictures back after the contest. We are excited about this opportunity to support the St. Charles community! Please take some time to visit the downtown businesses while the pictures are displayed if you get a chance.

The month of May is always a busy time of the year. We have many events scheduled within and outside of the school day. Please be sure to check the Lincoln calendar on our website so you don't miss out on any of the fun! Next week, our 1st - 4th grade students will be performing in their music programs on Thursday evening. This is a wonderful opportunity for them to show off all that they've been working on this year in music class. These programs are a favorite of mine! I am disappointed that I will not be able to attend this year, but excited that the reason is that my daughter is graduating from Iowa State that weekend. I can remember my little girl dressed as a lady bug for her 1st grade sing at Munhall – it's hard to believe that she will be graduating and heading on to her career as an engineer. The years go by so quickly – enjoy those music performances while you can!
